Swedish Style three-door wardrobe in Soft White, including a sock rack (right door); wardrobes in this range can be made with or without castors.

African Allure housekeeping cupboard in Stony Grey

Swedish Style deluxe grocery cupboard in Soft White

French Flair broom cupboard in Soft White

Well-designed storage solutions are essential to keeping your home tidy and uncluttered, also ensuring that everyday items are easy to reach and find.

While Milestone Kitchens is known for its quality, freestanding kitchen units, the team also creates a range of interchangeable, space-saving cupboards that can be used not only for groceries and kitchenware but also clothes, linen, towels and so much more.

Each piece of furniture is built in a combination of solid wood and Supawood and the cupboard interiors can be made up in any dimensions, depending on the client's storage requirements.

Milestone Kitchens boasts three different ranges – African Allure, French Flair and Swedish Style – and these can be painted in any colour, so your cupboard fits in beautifully with your home's décor.

For more information, visit milestonekitchens.co.za.

With three ranges to choose from, Milestone Kitchens furniture will complement any décor scheme! It can be painted in the colour of your choice or customised to your specifications!
